

ITEM: HT-1

Multi-purpose:

- 1, auto temperature measurement
- 2, air conditioning room temperature measurement
- 3, the refrigerator temperature measurement
- 4, the tank temperature measurement
- 5, baby bath water temperature measurement

Measuring range	-50°C ~ 110°C (-58°F ~ 230°F)
Resolution	0.1°C (0.1°F)
Precision	±1°C
Sensing line	1 m, 2 m, length can be customized
Battery	1.5V LR44*2

temperature range	-50C to 110C
accuracy	±1C
resolution	0.1C
power	1.5V , two button cell size LR44
Sampling Period	60S,30S,10S,2S
Dimension	48mm*28mm*15 mm
LCD Dimension	35mm*16mm
application	car, refrigerator, air conditioning, aquarium...

Know the temperature / the more understand your needs
